

Paladin Series (Clip & Clamp Bar) Series

Description

The original "V" Beamed panel much used and specified by Architects. A well proven and tested design offering an alternative visual solution to Perimeter security.

Benefits

- **Rigidity** – Heavy welded mesh panels combined with horizontal reinforcements guarantee a very high level of rigidity.
- **Appearance** – Excellent visibility making the fence a perfect partner to the use of cameras. Aesthetically pleasing.
- **Finish/Life Time** – Starting with Pre-galvanised wire to BS EN 10244-2-2009 Class D, PPC polyester resin powder coating) which gives minimum 10 year life.

Posts & Clips

Posts are manufactured from pre galvanised Rolled Hollow Section & a PPC coating. Metal Fixing clips come with Vandal resistant security fixing, Where stepping is required for sloping sites additional brackets and Security Tech bolt kits are provided for installation on site, giving the system a reasonable level of security to any boundary.

Suitable Applications

Schools & Colleges, Public Buildings, Retail Parks, Car Parks, Business and Factories.

Gates

A complete range of Swing Gates and Sliding Gates are available to suit all requirements.
