

Profile 3 Series

Description

A well proven and tested design offering the most cost effective solution to Perimeter security in the market. Dimensions and range, see bottom of page.

Benefits

- **Rigidity** – Rigidity through formed V beams, this complete system offers a solution to Perimeter Security.
- **Appearance** – Excellent visibility making the fence a perfect partner to the use of cameras. Aesthetically pleasing.
- **Finish/Life Time** – Starting with Pre-galvanised wire to BS EN 10244-2-2009 Class D, PPC polyester resin powder coating) which gives minimum 10 year life.

Posts, Clips & Fixings

Posts are manufactured from pre-galvanised Rolled Hollow Section and a PPC coating. Metal fixing clips come with vandal resistant security fixing, where stepping is required for sloping sites additional brackets and Security Tech bolt kits are provided for installation on site, giving the system a reasonable level of security to any boundary.

Suitable Applications

School & Collages, Public Buildings, Retail Parks, Car Parks, Business and factories.

Gates

A complete range of Swing Gates and Sliding Gates are available to suit all requirements.
